

Fees proposal for 2010/11 – Level of fees for 2010/11 & Registration Fees Rules

Recommendation:

1. Level of fees for 2010/11

Having considered the Strategic Plan for 2010-15, resulting Business Plan and Budget for 2010/11, and analysis of the Registration Fees consultation, the Council will need to reach a decision on the following matters:

- i. The level of the fee for 2010/11 which achieves a break-even budget.
- ii. What level of contingency should now be included in the fee.
- iii. Whether to apply a differential fee for different categories of registrants and, if so, what the level of the fee reduction should be.

2. Approval of the Registration Fees Rules

This paper will be drafted following the decision on the level of the fee for 2010/11, for signature at the conclusion of the meeting.
