AI preparedness and concerns

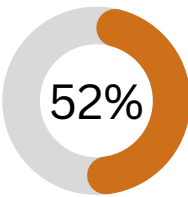

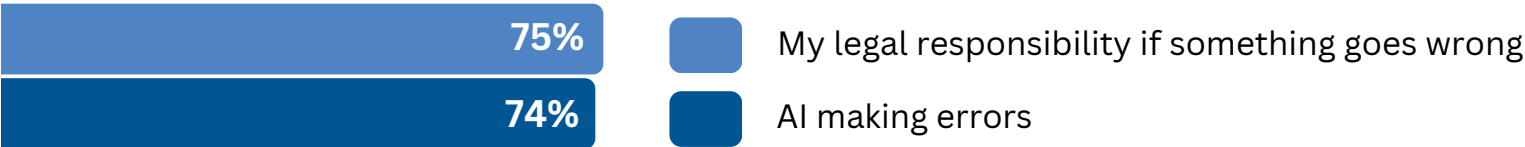

How would you describe your knowledge and understanding of AI in relation to optical care and professional practice?

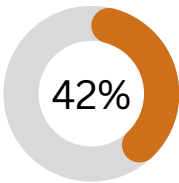

Over the last 12 months, in your professional practice or studies, have you received CPD or training about AI?

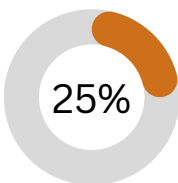

Top two concerns about using AI:

said the **standard time allocated for sight tests was insufficient to provide safe patient care** in the last 12 months

felt **under pressure to see a high number of patients every day** which impacted their ability to provide safe patient care

felt **under pressure to meet commercial targets** at the expense of patient care
