Welcome Letter

Thank you for expressing your interest in these positions and for taking the time to read this information pack, which I hope gives you all the details you need to apply.

We are seeking to appoint members (lay, registrant, business and registered medical practitioners) to four of Council's Committees: the Companies, Education, Registration and Standards Committees.

It is essential for public protection and confidence in the professions that our Council has access to a wide range of expertise on our committees. Each committee plays a vital role in enhancing our work and informing the decisions made by our Council.

This is a great opportunity for personal development. The work is challenging, varied and you will be able to learn from the experience of your committee colleagues as well as sharing your own.

We are looking for individuals who bring a fresh perspective and we particularly welcome applications from candidates who can reflect the mix of our registrants and patients. You will need to be able to demonstrate effective communication skills and have the ability to develop constructive and supportive working relationships.

We would welcome applications from individuals who are disabled and from diverse ethnic backgrounds as these are currently under-represented on our council and committees.

Being a committee member gives you the opportunity to share your particular skills and experience while learning from others too. We are committed to supporting personal and professional development in the role.

If you welcome the challenge of helping to shape optical regulation at this time, we will be delighted to hear from you. Please email appointment@optical.org for further information and we will aim respond to your query within 48 hours. Please quote reference **GOC01/22** on all correspondence.

A handwritten signature in black ink that reads "Anne Wright". The signature is written in a cursive style.

About the GOC

Background

We are one of 13 organisations in the UK known as health and social care regulators. These organisations oversee the health and social care professions by regulating individual professionals. We are the regulator for the optical profession in the UK. We currently register around 30,000 optometrists, dispensing opticians, student opticians and optical businesses.

We have four core functions:

Setting standards for optical education and training, performance, and conduct

Approving qualifications leading to registration

Maintaining a register of those who are qualified and fit to practise, to train or carry on business as optometrists and dispensing opticians

Investigating and acting where registrants' fitness to practise, to train or carry on business is impaired

Legislation

Our primary legislation is the Opticians Act 1989 (as amended) and we also have a series of related rules that describe how we carry out our statutory functions. This information can be found on our [website](#).

Our values

The interests of patients and the general public are at the heart of all we do, and we aspire to the timeless seven (Nolan) public sector principles of public life (selflessness, integrity, objectivity, accountability, openness, honesty and leadership).

Our values underpin the way we work with each other, and with the public, our registrants and partner organisations:

- We act with **integrity**
- We pursue **excellence**
- We **respect** other people and ideas
- We are **agile** and responsive to change
- We show **empathy**
- We behave **fairly**

Council's Committees

The four committees and the types of roles we are recruiting to are listed below. The committees currently meet together as an Advisory Panel about two or three times a year. You can read the current terms of reference for the [Advisory Panel](#).

The GOC is currently reviewing the terms of reference for its Companies, Education, Registration and Standards Committees and its Advisory Panel. The updated terms of reference will be sent to you once they have been approved by Council (likely June 2022).

Companies Committee

The purpose of the Companies Committee is to advise and give assistance to the Council (whether or not in response to a request from them) on matters relating to business registrants, other than matters required by the Opticians Act 1989 (as amended) to be considered by the Investigation Committee, the Registration Appeals Committee or the Fitness to Practise Committee. The Committee may also be required to provide advice to the Chief Executive and Registrar.

For this committee we are seeking five members (lay or registrant) who represent the interests of body corporates (business registrants).

Education Committee

The purpose of the Education Committee is to advise and give assistance to the Council (whether or not in response to a request from them) on matters relating to optical training, education and assessment including the requirements (outcomes and standards) for the approval of qualifications leading to the entry to the register or a register category and their quality assurance and enhancement. The Committee may also be required to provide advice to the Chief Executive and Registrar.

For this committee we are seeking two lay members and one dispensing optician.

Registration Committee

The purpose of the Registration Committee is to advise and give assistance to the Council (whether or not in response to a request from them) on matters relating to registration, other than matters required by the Opticians Act 1989 (as amended) to be considered by the Registration Appeals Committee. The Committee may also be required to provide advice to the Chief Executive and Registrar.

For this committee we are seeking one lay member.

Standards Committee

The purpose of the Standards Committee is to advise and give assistance to the Council (whether or not in response to a request from them) on matters relating to the standards of competence, conduct and performance expected of registrants or those seeking admission to a register. The Committee may also be required to provide advice to the Chief Executive and Registrar.

For this committee we are seeking two lay members, one dispensing optician and one registered medical practitioner

Appointment Information and Expectation

Remuneration and Time Commitment

Committee members are remunerated up to £319 per day in accordance with our member fees policy published on our [website](#). The member fee includes time for reading and preparation.

The appointed member will be expected to commit approximately 2-4 days per annum. Meetings will usually take place via MS Teams. We are moving to hybrid meetings in future, and we may on occasion hold meetings at the GOC offices, 10 Old Bailey, London EC4M 7NG or other suitable venues.

Appointment and Tenure of Office

The length of term of office is determined by the Nominations Committee. The initial appointment will be for a maximum of four years, and committee members may be reappointed for a further four years. Committee members may serve a maximum period of eight years in any period of 20 years. We will be undergoing some legislative changes in the future which may mean that the Council's Committees may change or could be disbanded.

Reappointment (subject to the maximum period of service) will be dependent on a satisfactory performance appraisal and the ongoing requirements of the Nominations Committee.

Lay member

Eligibility for lay members is restricted to individuals who are not registered with the GOC as an optometrist or dispensing optician.

Members who represent the interests of business registrants (Companies Committee only)

Eligibility for members of the Companies Committee who represent the interest of body corporates (our business registrants) is restricted to individuals who are either an employee or director/ partner of a body corporate, e.g. practice managers or directors, or who can otherwise represent the interests of body corporates. Individuals can be lay (i.e. not registered with GOC) or a registrant (i.e. an optometrist or dispensing optician.)

Registrant members (Optometrists and Dispensing Opticians)

Registrant members are individuals registered with the GOC as an optometrist or dispensing optician.

Member Reviews

All Committee members are required to take part in our [member review process](#), which involves self-assessment and one to one meetings with the Chair of the respective committee and third-party feedback on completion of a specified term of office. A satisfactory review will normally be required for Committee members to

continue to hold office.

Training and Development

Appropriate training and induction will be provided and tailored to the appointed candidate. Induction will take place after appointment. All members are expected to undertake routine refresher training on key areas – such as information governance and equality, diversity and inclusion as a condition of appointment.

Standards in Public Life

You will be expected to demonstrate high standards of corporate and personal conduct including impartiality, integrity and objectivity in the execution of the role and its responsibilities.

To ensure that these values are maintained by those in public service, the successful candidate will be required to subscribe to our code of conduct on appointment.

You must also confirm that you understand the standards of probity required by public appointees outlined in the “Seven Principles of Public Life”. These principles are included within our [Code of Conduct](#).

You should be aware that this post is a public appointment or statutory office, rather than a job and therefore is not subject to the provisions of employment law.

Disqualification

Appointments to healthcare professional regulatory bodies are governed by regulations which include details of the circumstances in which an individual may be disqualified from holding office.

The criteria for disqualification from appointment as a member Committee member are set out in Part 2 of [The General Optical Council \(Constitution\) Order 2009](#). Please read this carefully before you submit an application.

Due to our statutory requirements, lay roles are only open to lay individuals who are not registered with the GOC as an optometrist or dispensing optician.

You should note your requirement to declare any interests you hold which relate to the advertised role. These are:

- Business or personal interests that might be relevant to our work, and which could lead to a real or perceived conflict of interest were you to be appointed, should be declared at the application stage.

- Any close personal relationships with any GOC employees, workers or Council, committee or Hearings Panel members. Any actual, potential or perceived conflicts of interest will be fully explored by the selection panel at shortlisting and interview stage. Candidates will be given an opportunity to propose how they would manage or eliminate the conflict.

It is possible that certain interests will not be manageable or might be dealt with as a condition of appointment (for example, a candidate needing to terminate their conflicting activity in order to take up the role).

We strongly recommend that you read our [Management of Interests policy](#), and consider any interests that may conflict with the role before deciding to apply.

On appointment you will be required to declare any interests you hold which could conflict or be perceived to conflict with your role as a member. In order to be transparent, these interests will be published on our website.
