

# General Optical Council Registrant Survey 2016

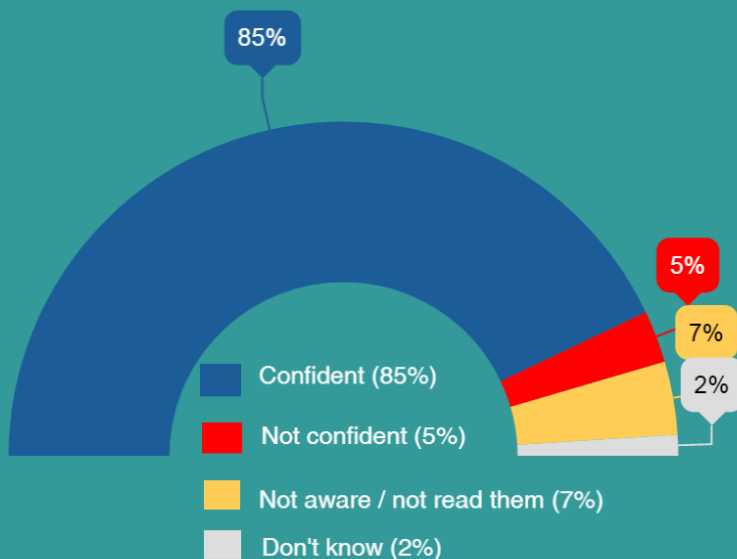

## Regulatory functions

How would you rate your understanding of the new standards?

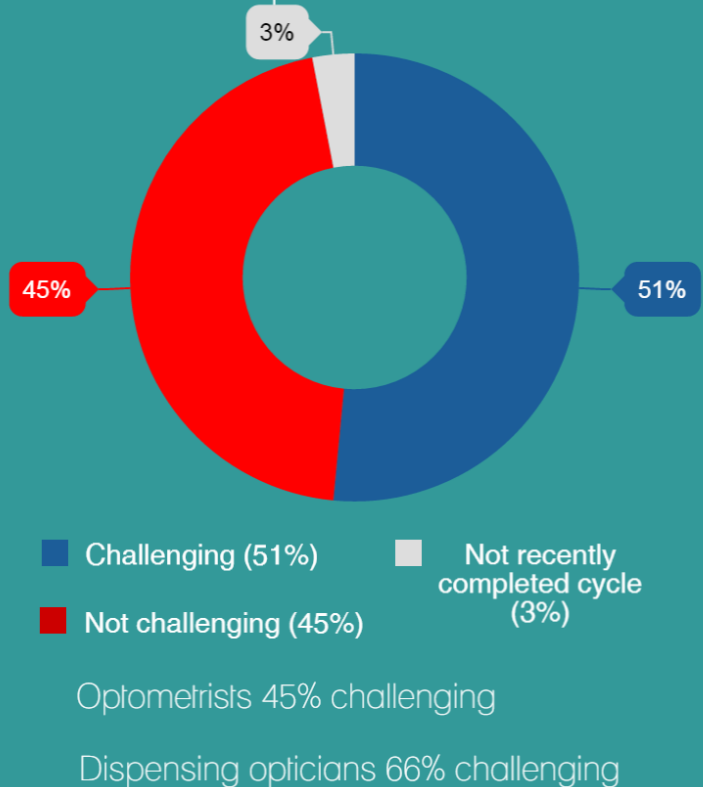

85% of registrants are confident in their ability to meet the new standards

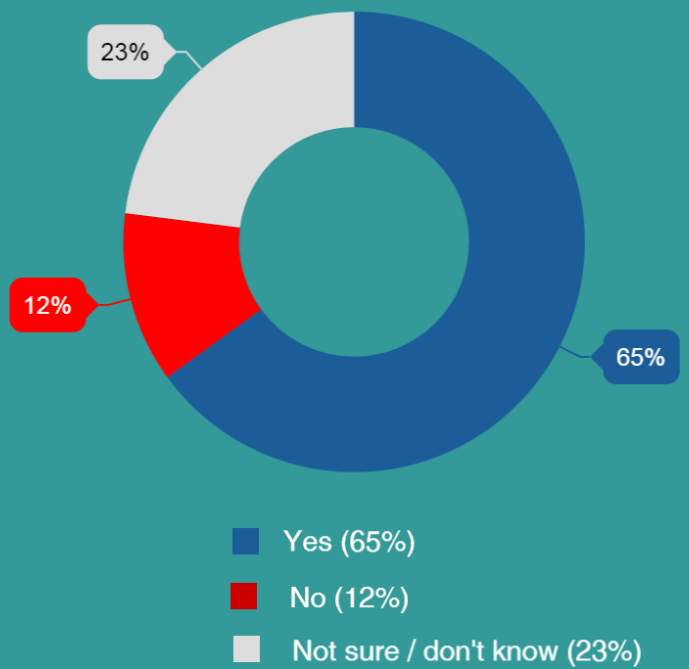

"I like them because it's pretty unambiguous what's expected of you. With the old ones, not everyone would see them in the same way."

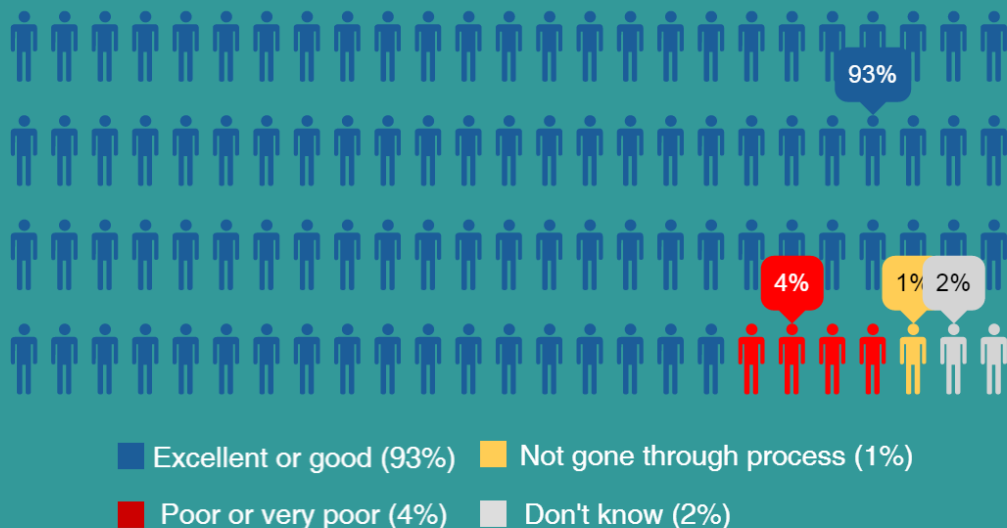

How challenging was it to meet all of the GOC's Continuing Education and Training (CET) Scheme requirements?

In your opinion, has your practice recently improved as a result of undertaking CET?

93% rated their experience of the annual retention process as 'excellent' or 'good'

For more information...

These results have been taken from the General Optical Council Registrant Survey 2016, conducted by Enventure Research.

The survey was completed online with an overall sample size of 4,139 registrants of the General Optical Council.
